

InfoSafe Dual 3.5" Drive USB2.0 to SATA HD Enclosure w/RAID

StarTech ID: SATCASE2U2R

This dual drive enclosure is the perfect fit for RAID applications, consolidating your storage into a convenient, external solution. Offering automated RAID configuration, SATCASE2U2R features a sturdy aluminum casing to protect drives and valuable data from in-transit damage, while maximizing heat dissipation, as well as an internal cooling fan that helps to improve airflow around the drives. And, because the drives are enclosed doesn't mean they're difficult to access - SATCASE2U2R features easy to use locking arms, providing simple drive removals and insertions - a definite asset in situations that require fast drive swaps or permanent replacements.

Applications and Solutions

- > Ideal for users who work with large multimedia files or databases, and need to expand external storage capacities.
- > RAID 0 support allows efficient management of large amounts of non-critical or archived data in external or mobile storage environments.
